

Thankyou for enquiring with us regarding a recovery truck bed. These prices are based on a L3/LWB 3.5 Tonne truck with single rear wheels. Any Iveco needs to have a 4100mm wheelbase. Twin real wheel 3.5tonne incur an additional cost of £300 Plus VAT. If the vehicle is brand new and unregistered and requires type approval there is an additional cost of £700 plus VAT to do this for you so it can be registered. The truck must come to us first to be booked in as all our bodies are bespoke to each truck! We have these bodies for some trucks built and ready to go. Discounts are available if more than 3 are being built together from you and are the same trucks. Please enquire with Josh for any more information!
